Senior tri-captain Amy Santoriello

Captain's Corner

I think we are in a great position right now, with such a young and new team we have areas to work on and improve, but are definitely coming together as a team quickly. Each girl is going to be a huge asset to our team this year and I am confident we are a group of players that are going to mesh well and work as a team on and off the field. I am very excited for this year and I think the energy of all the players has been great.
