Young African-American males Here Earning A Destiny, through Honesty, Eagerness, And Determination of Self and the Association of Black Faculty Staff and Administrators Present: "Reflections in Black"

We invite all Black Faculty Staff and Administrators to joins us as ABPAFS and H.E.A.D.S welcome incoming first year and returning students to campus.

Reflections in Black is a formal welcome to Black administrators, faculty, staff, and current students of the University of Michigan. The program aims specifically to unite African–American freshmen in remembrance of the history of Blacks at the University of Michigan and to create a vehicle for them to meet and connect with Faculty Administrators and Staff as well as fellow students . Even though aimed at Black Students, this event is open to everybody.

Reflections in Black serves to build a sense of camaraderie amongst the Black freshmen and existing members of the University community. Just as the New Student Convocation’s purpose to is to welcome freshmen into the Wolverine family, Reflections in Black’s purpose is to address the particular needs and issues that have characteristically affected students of African descent in order to increase retention and improve the experiences of students on campus. The event will be held from 5:00pm until 7:00pm in Palmer Commons’ Forum Hall (4th Floor) followed by a reception catered by Pizza House afterwards.
If you are Faculty, Staff or an Administrator and you would like to say a few words on ABPAFS behalf welcoming students back or into the Black community at UofM please contact Leon Howard at howardii@umich.edu, or by phone at work (734) 763-0192, cell (231) 206-570.

Hello,

I am writing to invite your attendance at our next “Focus on Women” event. The University of Michigan Comprehensive Cancer Center and Women’s Health Programs are partnering to present “The Inside Story.” The morning session will give “the inside story” on what your health care provider is looking for in a pelvic exam and when performing other diagnostic tests at your annual health exam. The afternoon will include a program on “Redesigning Yourself” where we will look at daydreams, intentions, and beliefs which can help create a “new, happier you” with two personal coaches. You can register for one or both sessions. A light lunch will be served, we will hear a survivor story with a representative from the Michigan Ovarian Cancer Alliance, and there will be door prizes. All women are welcome. Details are below and the flyer is attached. We hope you will be able to attend!
