

The Stephen M. Ross School of Business is located in the city of Ann Arbor, Michigan. For on-campus family housing please contact Doug White dkwhite@umich.edu or <http://www.housing.umich.edu/> Unfortunately, the University is unable to accommodate all visiting scholars with housing during the course of their studies. You may need to secure a place to live off-campus. Off-campus housing in the area around the University of Michigan campus is extensive and varied. "Off-campus housing" simply refers to any housing not owned and operated by the University. Off-campus housing includes shared housing - fraternities, sororities, and student owned-and-operated co-ops - as well as apartments, houses, and rooms.
