Many students are finding that they must bare some of the burden in financing the cost of their higher education. Has this been the case for you? How have you managed to pay for your UM education thus far?

Have you needed to take out student loans or work during the school year or in summers? For what portion of your educational expenses are you currently responsible? How would a small scholarship from UM Club of Downriver help you?

I certify that all the information and attachments I have included in this application are true or correct to the best of my knowledge and the essay is my own work.
