When you log in to eResearch Regulatory Management (eRRM), the first page that appears is your Home Workspace. From your Home Workspace, you can initiate a variety of activities, access other applicable workspaces, and view any items that require your attention.

**A** My Home
- Click from any page in eRRM to return to your Home Workspace.

**B** My Roles
- Displays all available system roles assigned to you. The current system role with which you are signed in is indicated by bold text. Click the link(s) to switch roles, if applicable.

**C** Create New
- **Human Subjects Study Application** – Click to create a new study application.
- **Biosafety/IBC Application** – Click to create a new Institutional Biosafety Committee Application.
- **Repository Application** – Click to create a repository application.
- **User** – Click to create a new eResearch User Account.

**D** Workspace Tabs
- **My Inbox** – Lists items that are ready for submission, require you to accept your role, and/or require action by the study team.
- **In Progress** – Lists study applications you are associated with that have not yet been approved.
- **Approved** – Lists approved studies you are associated with.
- **Exempt and Not Regulated** – Lists exempt and non-regulated studies you are associated with.
- **Approaching Expiration** – Lists approved studies and registrations that are expiring within 90 days.
- **Archived** – Lists studies you are associated with that have been terminated, disapproved, withdrawn, or expired.

**E**
- Click to logoff from eRRM.
