Committee Member Review

Human Subject Research Application (HUM) reviews assigned to Full Committee display in the **My Reviews** list on the **Inbox** tab of your home workspace. Reviewers may view the submitted application, edit the reviewer checklist and submit the review.

Before beginning, verify the **Committee Member** role is selected, or select it from **My Roles** in your home workspace.

**eResearch Home Workspace**

1. Click the review name in **My Reviews** to access the review.

**Initial Review**

2. Click **Edit Reviewer Checklist** to open the Reviewer Checklist.
Reviewer Checklist Main

3. **Print Version of the Submission** opens up a copy of the submission.

4. **Identified Issues Assigned to You** displays all issues that have been assigned to you for review.

5. **Reviewer Checklist** displays the sections, reviewer checklist item, condition met, study team publication, and comments for each phase of the application. It is also used to assign additional review teams.

Print Version of the Submission

6. If desired, click **Print Version of the Submission** to open submission.

7. The **Printed Version of the Submission** opens in a separate window.

**Note:** The submission can be moved around and resized within the eResearch window to allow for review of the submission and checklist simultaneously.
### Checklist – Identified Issues

**Note:** If there are no Identified Issues assigned to you, this area will not display on your workspace.

1. **Section** displays the section of the submission where an issue has been identified. **Click** on the section title to jump to that section of the submission. 
   **Note:** You can also click on the section number to go directly to that section of the smartform.

2. **Identified Issue** shows the Staff Reviewer notes on the particular issue identified in the initial review.

3. Click **Issue Resolved** once the issue has been rectified.

4. Click **Publish to Study Team** to publish the identified issue to the study team.
   **Note:** If this box is checked, all study team members can view the identified issue and corresponding comments once the review is submitted. If this box is not checked, only staff and Committee Members will have access to this data.

5. **Comments** can be added for reference at a later date.
   **Note:** When a condition is not met, a comment is required and will be converted to an identified issue upon submission of the Reviewer Checklist.
6. **Section** identifies the main section of the submission that needs to be reviewed.

   **Note:** You can also click on the section number to go directly to that section of the smartform.

7. **Reviewer Checklist Item** displays the question and sub-set question needed for review.

8. Click **Condition Met** if the condition in the Reviewer Checklist Item has been met.

9. Click **Publish to Study Team** to publish the identified issue to the study team.

   **Note:** If this button is checked, all study team members can view the identified issue and corresponding comments once the review is submitted. If this button is not checked, only Committee Members will have access to this data.

10. **Comments** can be added for reference at a later date.

    **Note:** When a condition is not met, a comment is required and will be converted to an identified issue upon submission.

11. **To be Reviewed by** can be used if an issue needs to be reviewed by another reviewer. Use the drop down box to select the reviewer. You can also assign all issues to the Staff Reviewer at the end of the form.
12. Notes can be added to General Issues for Study Team and/or Staff.
   **Note:** These then become identified issues.

13. Reviewer Notes can be added and will only appear on the reviewers’ form.

14. Supporting Review Documents can be included by clicking on Add, if applicable.

15. Enter a title for the document you are uploading or leave it blank.
   **Note:** Entering a title is optional. If you do not enter a title, the filename becomes the title of the document.

16. Use the Browse button to locate the document on your computer.

17. Select the file to upload.

18. Click Open.

19. Click OK.
