

ACSAA Slide Set #9701: Pagan and Selected Works

Set 9701 on Pagan and its monuments is organized chronologically. It basically follows P. Strachan's dating of Pagan monuments. The sculptures in this set following the monuments are related to Pagan or the centuries immediately after. All photographs were taken by Janice Leoshko in 1991 except for the R. Brown slides: 9743, 9747, 9748, 9760 which were taken in 1977.
