bike, treadmill, weights, and
plasma TV w/DVD

Live-In Policy

It has been our practice in the past to have new initiates live in the house the year after they initiate, though this is evaluated each year based on the number of new initiates compared to the capacity. Executive officers live in during their tenure in office. If you go abroad while living in the house, you will pay an abroad fee of \$2,300. If you go abroad while living elsewhere, you will pay not dues while you are away. Room selection is done based on points accumulated by sorority participation and campus involvement.
