Dear Mr. Martin,

Please accept this letter of support for the Michigan Colony of Phi Gamma Delta. They are in excellent standing with the Greek/campus community here at the University of Michigan.

Over the course of the last year I have observed Phi Gamma Delta excel in many areas on campus. There are 28 NIC Fraternity's and over 1,500 male students affiliated with the University of Michigan Greek Community, and I consider FIJI one of the best groups on campus. The colony GPA has never fallen below a 3.0, and I fully anticipate that it will continue to improve. The colony currently operates with 60 + men on it's roster, which is well above the 51.7 average size amongst the Fraternity's on campus.

The colony continually recruits a large new member class each semester, and will inevitably make themselves one of the largest Greek letter organizations on campus. They support several philanthropic efforts and have strong participation in intramural athletics. The chapter house and property are in good condition and well maintained year round. I have had ample opportunity to interact with the alumni of the organization, and they are nothing short of amazing. They have been extremely supportive during the reconstruction phase of the chapter, and I fully anticipate that they will maintain their involvement well into the future.

If you have any questions, please do not hesitate to contact me. I can be reached by phone at 734.717.7379, or via email at duncanjj@umich.edu.

Sincerely,
