Batch IC

1) Background

We came up with the concept of a batch IC in the initial planning stages of our committee for the SSA this year. Basically, we wanted to have someone that represents the batch. Something like an icon for the batch. We wanted to have a batch IC as part of our greater goal of creating a strong sense of cohesion within the Singaporean community here.

2) Framework

3 batch ICs will be appointed. They will represent respectively:
1) Freshmen Batch (yr 1)
2) Juniors (yr 2)
3) Seniors (yr 3 and above)

3) Role

1) To act as a liason between SSA and their respective batches.
2) To captain their batch in the Telematch.
3) To represent the interests of their respective batches.

Batch ICs are very much like leaders of their batch. They will lead, represent, organize, and motivate their batches. In the telematch, they will be in charge of their batch’s participation and organization, much like a team captain of any sport. Batch ICs are not part of the SSA committee.

4) Appointment Procedure

1) Batch ICs will be appointed during Fall GM.
2) Each batch will nominate and decide on an IC for their own batch.
3) All nominees will leave the room and their respective batches will vote for their batch IC by raising their hands.
4) A majority vote will determine the batch IC.
5) In the case of a 2-way tie, a second vote will take place with the top 2 nominees.
6) In the case of a 2-way tie in a 2 nominee vote, co-ICs will be appointed.
